KHIZRA MOSQUE NEWSLETTER & ACTIVITIES

International women's day event

Our womens group organised a very well attended international womens day event 2024.

It was an opportunity to show appreciation and bring the community together. There was a segment where our volunteers were appreciated for their hard work and dedication and the many talented women in our community rewarding their efforts and capabilities by providing them with tokens of appreciation.

A day full of fun activities, including health stalls led by NHS professionals, exercise and good food!

The Khizra British Taekwondo Community club

We held our grading session approved by the British Taekwondo instructors.

The students reached a huge milestone as it's been 4 months since starting our journey as a British Taekwondo hub. Some children as young as 5 participated in the grading and successfully passed and graduated onto their new belts.

Congratulations to all the parents and children on their dedication. Hopefully one day our students will be representing the country in national and international competition.

Unity Iftar in Ramadan

At Khizra Mosque we hold daily iftars at the mosque for around 350 people throughout the month of Ramadhan, which are open to all to attend on a daily basis.

We also host Iftar events at the mosque open to the wider community members including those from other faiths and no faith, where we offer tours of the mosque and a short presentation on the basics of Islam and why Muslims fast which attracts hundreds from our community. This initiative has been ongoing for over a decade and a great way to bring people together and build community cohesion.

Staff Training

We have recently completed staff update training at the centre, so we have sufficient staff and volunteers from the centre trained with essential skills.

The staff completed our first aid training, fire Marshall training, food and hygiene training and also safeguarding children at the centre. We are prepared as an organisation for any unexpected emergencies and more confident with multiple people trained with essential skills to deal with emergencies.

With the training, this will help make the Centre safer and protect our community and visitors.
